

What Makes us Unique?

With literally dozens of instructors who can teach you the mandated information necessary to get your Missouri Concealed Carry endorsement, why should you choose us?

Personalized Instruction:

Just as some of the most exclusive colleges in the country have done, we keep our class sizes small and provide one-on-one personalized instruction. This enables you –the student– to ask any and all questions you may have so that if the time arises when you must use force to save your life or that of another you are prepared.

Experience:

In a world where nothing more than a few hours in a classroom can make anyone an “instructor” it is important to know that you are learning from those who have gone above and beyond to ensure that you get the best instruction. Trey Loughridge -our Chief Instructor- has over 28 years of military and law enforcement experience. As a prior Chief of a Federal Law Enforcement Agency, Trey is uniquely qualified to bring his real world experience and knowledge to your classroom training. His training style is relaxed and professional, designed to place you at ease and create the optimum learning environment.

Personalized Instruction:

- One-on-One Instruction
- Small Class Sizes– Kept to a maximum of four people unless specifically requested by the students.

“Be Safe, Be
Vigilant, and
always...Be
Prepared”

-Trey Loughridge

Serving all of Saint Louis, Saint Charles, Lincoln, and surrounding counties.

Archangel 3 Firearms Training L.L.C

F.A.Q.

“Who can get a Missouri CCW?”

The state of Missouri mandates that anyone applying for a concealed carry weapons permit be at least 21 years of age, be free from felony convictions and those of do-

mestic violence, and complete the required coursework. The state also requires a firearm qualification be incorporated into the course.

“How long does the course take?”

The Missouri CCW Course will take at least eight hours as mandated by the state, this includes time for the live fire qualification.

“How much does the course cost?”

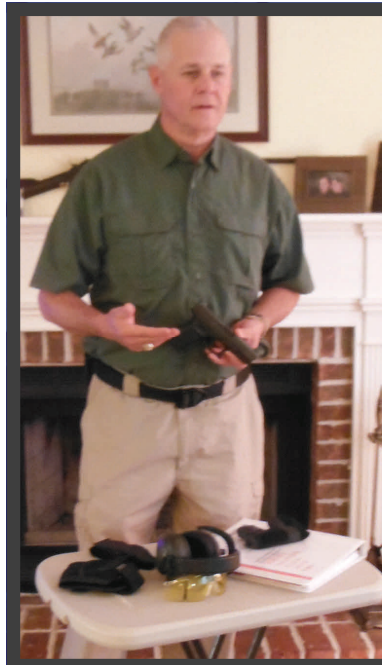

The basic Concealed Carry Course is **\$75.00** and includes all training material as well as the use of our pistols for qualification. Other courses vary in price.

“Can I use my own pistol for the course?”

Of course! It is not required that you bring or even own a pistol prior to taking this course, but you are welcome to use your own pistol for qualification. Please Note: Absolutely no ammunition or loaded firearms will be allowed in the training area.

Classroom Location:

This is what really sets Archangel 3 Firearms Training apart from the rest. All of our courses were designed with mobility in mind. This allows us to bring the course to you and structure the material around your needs, while still covering the required information. We do not offer a pre-determined list of course dates, instead we develop a course schedule around the availability of you– the student. Since our founding we have encountered many students who have expressed their gratitude, stating that without this scheduling structure they would not have been able to find time to obtain their CCW endorsement.

How to Enroll:

Enrolling in one of our courses could not be easier. Just go to our website at:

www.Archangel3.com and click on the **“Courses”** page.

Once on this page click on the red **“Register Now!”** button in the upper right corner. Complete the pre-registration form and submit it to us.

Once we have received your information a member of our staff will contact you within 24 hours to confirm the date and location of the course.

If you have family or friends who will be attending with you, we ask that each person complete a registration form and mention in the comments section that they will be attending with you.
